

## TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each global industry. Transporting industrial goods takes place each day on our hectic world. Originally innovated as industrial vehicles in the 1930s in the United States of America, lift trucks gained recognition following World War II during the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these equipment spread globally.

First started as Toyo Carrier Manufacturing Company Limited, in the year 1949, the company was later renamed Toyo Umpanki Co. before becoming recognized as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's first forklift. Throughout the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation in the business. TCM started building forklift manufacturing sites outside of Japan in the 1980s and is currently engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly manufactures various models of industrial trucks with more than 50 years of accumulated technology and expertise, making their products recognized and used all around the globe. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aims to become a world-class leading company.
